Sirs:

James Carter began the Company in 1963  
Paid monies for retirement for thirty  
years, upon my retirement later to find out  
part of that taken away and my Insurance  
taken, I did not think this would  
effect the ones who had put their time  
into the Company. I 68 years old I can't  
afford any kind of Insurance regular or  
Death all of this was taken away over  
my retirement check monies was cut, so  
I ask if there is any way I can get  
some help I will thank God for it

Truly  
James Carter
